Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

daily expenses. At times nothing is usually left to cater for other expenses. Most of the times I usually report to school late since my mother feels uncomfortable having me report with nothing despite of the huge fees balance. At times my lateness to school is due to the fact that there is no transport money and even shopping. I therefore have to wait for my mum to work or borrow so that I can go to school.

Thankfully, my school has allowed me remain in class as my mum pays little by little.

If I would be supported financially I would concentrate on my studies with no worry and score better grades.

My target is to get a good grade in K.C.S.E and to gain admission to the university of Nairobi and study medicine. The career would help me support my family and the sick especially children. I would also like to open up a children's home for the Orphans and the abandoned.

I hope to gain your trust through the scholarship
God bless you.
