Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

My oldest sister dropped out of school because of shortage of school fees. My other sister went the same route and she didn't complete her education and my elder brother refused to go to secondary school. My younger brother and I are the only ones in school.

My father works as an unskilled labourer in construction. My mother is a subsistence farmer. It is hard for them to pay my school fee and provide other basic needs. Due to lack of school fees I miss classes. Covid-19 affected our area greatly and there are few jobs for my father. The lack of rain has also affected my mother's farming.

This scholarship will help me to spend more time in school, completing my homework in time and to create time for group discussion during the weekends. Because I will be boarder I will spend more time consulting teachers and other students in the areas of study where I am weak.

This scholarship will also help me to make my dreams real of becoming a professional engineer. I will help my parents to change their hard life.

Blazy School.

I will also not to forget to give back to the
Society. I will not forget the needy as one
day I was in the same situation.
