Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others

with my aunt. Life has been very hard hard for me because sometimes I am sent home bring school fees. This is because my aunt and uncle are jobless and they have seven children so they first provide for their children before me.

If you provide me with school fees I will put more effort in my studies. When I am through with my studies and God help me I would be able to join a college or a university for more studies. After school I would like to be a doctor. I will help other people who are in need because you have shown me kindness.

I would also like to participate in the school music club in future when covid-19 restrictions will be removed. In school I will help my fellow students and encourage them to work hard together to improve our performance.
