Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

My economic status does not favour me when it comes to school fees. Getting this chance I will be able to fulfill my goal of becoming a mechanical engineer. I promise to put all my effort if given this chance. I also promise to help others in any way I can. I desire to help my parents when I grow up and give them a better life. I strive to succeed in the national exams with excellent marks and also to improve the living standards of Kenyan citizens by forming foundations for giving scholarships to needy students, helping the refugees, fighting against poverty and many others. I assure you that funding for my school fees is not a waste of money. I am man of my words and I promise to work hard. Thankyou.
