Continuation: Briefly explain the reason for scholarship request, how it will help you, and how you can help others:

both casual labourers and they struggle to pay school fees for my siblings and I. My eldest brother is in form four at a day school near home while my youngest brother is in grade five in a public school few kilometers from home.

My parents go out early in the morning to look for money for our upkeep. They come home late after a hard day's job. My mom usually goes to look for pupils in a primary school near our home and cleaning clothes for people. My dad is a farmer and gains little money from the produce he sells.

The impact that the scholarship will give is huge. I will have no stress about being sent home for school fees. My parents will at least get some rest because they will lower their efforts a little bit so as to pay the remaining amount. This scholarship will give me the motive to read even harder because I will remember I am being helped.

When I get the scholarship I will start peer teaching lessons both at home and school.

I will help those struggling with their studies
and help them get better grades.
