Continuation. Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

→ I am kindly for me to request for KSF INTERNATIONAL is that I had suffered alot living in a family that is too needy and it has been encouraging me so much. And this makes me to suffer in hard way of life. The reason being is that when I look at our background nothing and nothing that is their and this makes me to think broad about our family than in my studies. And this had affected my performance.

→ When I will be considered this will encourage me in my life and this will make me stress free. This will encourage me not to <sup>loss</sup> ~~lesse~~ hope. I am sure that for me to settle in class free, I understand that at the end of the year it will be recommended that I will <sup>had</sup> perform well and do my best and that

→ After being considered, I will encourage other by telling them the way of life I had passed through. I will advise them to work hard in there performance. After all that I will form a club of guidance and counselling in our nation.
