Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others.

Through Payment of fees, I will concentrate in my studies and work at my best in order to achieve my goals. I will be able to have peace in school and no distractions of going home for school fees. It will also help me to be able to perform well and even get a good grade. From there I can help the orphans by building them homes and giving free scholarship to any child in need.

The scholarship will also help me to persurer my work effectively. And if I get successfully in my education, I will promise to help all other children in need of education.

The scholarship will impact my life so much and it will reduce the stress and straggle of my parents. And if I get the scholarship I will take my younger siblings to school because I know that I will do my level best.

I have been suffering since I started form one because my parents had no enough money
