*Continuation* - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

maker from the frustrating only cater for the family expenses and my mom and sister's medication. My sister was born asthmatic and the cost of maintaining her condition is quite high. My mother suffers from a nerve problem whose cost of treatment and medication is quite high. I also have another sister in high school who also has needs to be met and her school fees has to be paid as well. All the above are needs dependent only on my dad's little income from his business and most of the times my education is especially affected and my parents have to request the school to keep me around as they seek alternatives of raising my huge outstanding fees balance.

I have a great interest in law and politics and am studying really hard to get a grade that will create an opportunity for me in the university to pursue the same. Through my career, I would like to stand and defend struggling the needy in the society the orphans and widows get justice. I will also start programmes to help the needy just as I have been helped.

I make a humble appeal that you consider me for this scholarship so that I can finish my education, get a job, support my family and give back to the society. Thankyou and God bless.
