Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

I have come from a humble background with my both parents. My beloved mother is jobless since I started form two. On the other side, my father has a job but he earns insufficient money to pay for my school fees.

I would like to be given a chance of being sponsored in order to help my parents in difficult situations of our lives. It would also help me to stop worrying about being sent home for school fees.

If you would help me, my academic life would run smoothly without much problems. I would also put more effort to my studies and have good qualities that a student should have. Above all, I would thank God for creating people like you who have good hearts to help others who are in need.

If I excel in my academic studies, the Almighty will help me to help others who are in need like the way you do.

I hope that you will consider my request. Thank you in advance, looking forward to your positive feedback.
