Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others: \*

I am asking for this scholarship because we are not able to sustain for my school fees and that for my siblings. I have a older brother who needs to go to a university and in high school we are facing a lot of challenges as a family. It too hard for my father to pay for my school fees since he is a poor farmer and our mother who left us under the care of my grandmother, that makes me to even sometimes miss school. The amounts of money my father gets per day is quite small amount which cannot sustain our need and that for school fees, making me sometimes to be sent away from school and going to look after my younger sibling as my father look for my school fees. My father is a alcoholic and he uses his money taking alcohol making me to stay at home for more than two weeks, that making me to loose hope in my academic. My mother sold all the cows and hens in the family and went with the money thus causing poverty in the family as we cannot sell anything to pay for our school fees. If I will get a chance to join this scholarship it will create a positive impact on my life. It will enable me to achieve my goal and my dream to be a surgeon.

I will help other children in the society who are needy. In school I will also help my fellow colleagues in their studies, as I offer guidance and counseling to those who have lost hope in their academic journey. I pray to God that you may consider my application regarding to my story.
