Continuation - Briefly explain the reason for scholarship request, how it will impact your life and how you can help others:

I am a student by the name Steven Otieno who is a boy with the passion of learning because I believe that education is the key to success.

Learning has always been joyous on my side. I always find myself enjoying it. I know education will change my life from who I am to the person I want to become.

The problem that makes me to lose hope sometimes is due to lack of school fees. At our home we have nothing to be called ours. Our home have always been in ^{poor} status. Poverty has invaded our home and because I have a single parent whose job is unprofitable. Sometimes we ^{struggle} ~~struggle~~ means for us to manage our educational life. From primary level I have been a debtor because since my father died in the year 2016, life has never been good on my side.

In primary I managed to score 325 marks out of 500. I am now in Kajuki secondary school the only left choice for me to study at. But still the problem is still there. I lack someone to pay for my fees.

I want to become a doctor and then later a scientist but my problem is just school fees.

When I become financially stable in the future, I will look upon to help people that will be in the need of me. I will even try to counsel them that the life in ghetto is only taken away through education.

I humbly pray for your support and I promise that I will do well in my studies and work smart. Hoping that you will listen to my prayer and I'll be waiting for your answer. Thanks in advance.

Yours sincerely,
